

Collection Box Location Resources

First, thank you so much for hosting a collection box for Holiday for Giving at your business location! We greatly appreciate your help to collect donations to help our Wallingford neighbors in need during the Holiday season!

Some ways to help promote the collection box:

- Advertise that you are collecting donations on your website, Facebook page, Instagram, Twitter and any other social media platform you use.
- Send out an email to your customers to remind them the dates you will be collecting
 - For 2020, all collection boxes will be picked up by December 11th
- Offer customers a discount or coupon for bringing in a donation
- Offer a special drawing for bringing in a donation
- Hold a special event for customers to bring in donations

Please email us at holidayforgiving@gmail.com with the information on the discount, drawing or special event that you decide to offer and we will help advertise it on our social media.

We will include a link from our website to your website for easy finding for those looking to donate. If you'd like us to link to a special event or other information, let us know.

Thank you!
